Re: Binders of Information Concerning Individual
Members of the Tejon Indian Tribe

Dear Mr. Fleming:

Please find enclosed three binders, each of which contains information about an individual Tejon Indian who possesses an Indian blood quantum of one-half or more. Unfortunately, we have had some difficulties with our copying service, and as a result we are now having to correct some collating problems with the balance of the binders that we wish to forward to your office.

However, we thought it worth sending on these three completed binders for your review. It is our intent that these binders provide the extent and type of information you requested in your letter of December 19, 2006. If for any reason you would prefer a different format, or wish to see additional or different information included in these binders, please let us know at your earliest convenience.

Thank you very much for your time and attention.

Best regards,

V. Heather Sibbison
