Hello Mr. EchoHawk,

I am aware of your meeting with Arlinda Locklear on 9/29, and the discussion you had in relation to our recognition.

We are having our fall gathering on Nov. 1st. It is a time that we hold our cemetery cleanup on the land that is now Tejon ranch. We will have our elders present as well as a large part of our tribe. This is one event that we keep pretty much to tribal members only.

Can you tell me if we will be getting a resolution to adding us back on the federal recognition list by that time? This date will mark the 12 months from the time we were told we would have a resolution. I know this is a priority for you and I appreciate all of your efforts, but I hope you can understand our wanting to get this accomplished quickly after all of these years. If we are going to have a decision by that time I extend an invitation to you to be present and give us the good news in person.

Respectfully,

Jim Appodaca
Vice Chairman
Tejon Indian Tribe
