

# United States Department of the Interior

OFFICE OF THE SECRETARY  
Washington, DC 20240

**MAY 20 2005**

Honorable Ron Suppah  
Chairman, Confederated Tribes of the  
Warm Springs Reservation of Oregon  
P.O. Box C  
Warm Springs, Oregon 97761

Dear Chairman Suppah:

On April 8, 2005, we received the Tribal-State Compact for the regulation of Class III Gaming between the Confederated Tribes of the Warm Springs Reservation of Oregon (Tribes) and the State of Oregon (State), executed on April 6, 2005 (Compact). Under the Indian Gaming Regulatory Act (IGRA) 25 U.S.C. § 2710(d)(8)(C), the Secretary of the Interior (Secretary) may approve or disapprove the Compact within forty-five days of its submission. Under IGRA, the Secretary can disapprove the Compact if she determines that the Compact violates IGRA, any other provision of Federal law that does not relate to jurisdiction over gaming on Indian lands, or the trust obligation of the United States to Indians.

## Decision

We have completed our review of the Compact along with the submission of additional documentation submitted by the parties and some third parties. For the following reason, the Compact is hereby disapproved.

## Discussion

Article V(C) of the Compact authorizes a gaming facility on the Cascade Locks Land, "provided that the federal government takes the Cascade Locks Land into trust for the Tribes for gaming purposes pursuant to Section 20(b)(1)(A) of IGRA, 25 U.S.C. § 2719(b)(1)(A)." Section 2710(d)(8)(A) of IGRA authorizes the Secretary "to approve any Tribal-State compact entered into between an Indian tribe and a State governing gaming *on Indian lands of such Indian tribe.*" This section does not authorize the Secretary to approve a compact for the conduct of Class III gaming activities on lands that are not now, and may never be, Indian lands of such Indian tribe.

In addition, IGRA requires that gaming may only occur on lands subject to the tribe's jurisdiction and over which the tribe exercises governmental power. Currently, the Cascade Locks Land is not currently held in trust for the benefit of the Tribes and will have to undergo a rigorous process under 25 C.F.R. Part 151 before a decision can be made regarding whether to take the land into trust. In addition, compliance with the requirements of Section 20(b)(1)(A) of IGRA will have to be addressed before the land is eligible for gaming. This provision of IGRA requires a Secretarial determination, following consultation with appropriate State and local

officials, including officials of nearby tribes, that a gaming establishment on the newly-acquired trust lands is in the best interest of the Tribes and their members, and not detrimental to the surrounding community. After this determination is made, the Governor of the State must decide whether he will concur in the Secretary's determination. Therefore, approval of the Compact before the Cascade Locks Land is taken into trust would violate Section 2710(d)(8)(A) of IGRA, and thus, the Compact must be disapproved.

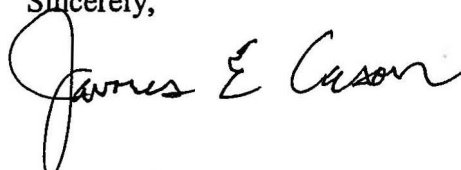

We are aware that the Department has previously approved compacts for the regulation of class III gaming activities before the specified lands qualified as Indian lands under IGRA. However, on closer examination of the statute, we have concluded that the Secretary's authority to act on proposed compacts under 25 U.S.C. § 2710(d)(8)(A) is informed by Section 20 of IGRA. Thus, the proposed gaming lands are subject to a two-part determination and State Governor concurrence under section 20. These two conditions must be complete before Departmental action on a compact can occur.

This decision does not address the other terms and conditions embodied by the proposed compact. The Department is supportive of the efforts of the Tribes and the Governor to discuss Indian gaming. The Department is encouraged by the prospects that there is a foundation for mutual agreement on these issues at some point in the future.

Only after the Tribes have acquired the Cascade Locks Land into trust, will the Department consider the terms and conditions of a timely submitted compact pursuant to the applicable provisions of IGRA. Until then, we trust that the Warm Springs Tribes will continue to engage in Class III gaming activities on its reservation.

We regret that our decision could not be more favorable at this time. A similar letter is being sent to the Honorable Theodore R. Kulongoski, Governor, State of Oregon.

Sincerely,

A handwritten signature in black ink that reads "James E. Cason". The signature is written in a cursive style with a large initial "J" and a long, sweeping underline.

Associate Deputy Secretary

**TRIBAL-STATE COMPACT  
FOR REGULATION OF CLASS III GAMING  
BETWEEN THE CONFEDERATED TRIBES OF THE  
WARM SPRINGS RESERVATION OF OREGON  
AND THE STATE OF OREGON**

**ARTICLE I - TITLE**

This Compact is made by and between the Confederated Tribes of the Warm Springs Reservation of Oregon, a federally-recognized Indian tribe (hereinafter "Tribe"), and the State of Oregon acting by and through the Governor (hereinafter "State"), and pertains to Class III gaming to be conducted on lands pursuant to the Indian Gaming Regulatory Act, 25 USC § 2701 *et seq.* ("IGRA"). The terms of this Compact are unique to the Tribe. The authorization of Class III Gaming pursuant to this Compact is contingent upon the Tribe's successful application to have the Cascade Locks Land (as defined in this Compact) taken into trust for the Tribe to use for Class III Gaming under IGRA pursuant to 25 USC § 2719(b)(1)(A).

**ARTICLE II – RECITALS**

A. The Parties.

1. The Tribe is a federally-recognized Indian tribe and is the beneficial owner of, and government for, the trust lands of the Tribe located in the State of Oregon.
2. The Tribe is the legal successor-in-interest to the seven tribes and bands of Wasco and Walla-Walla Indians signatory to the Treaty with the Tribes of Middle Oregon of June 25, 1855, 12 Stat. 951 (the "1855 Treaty"). In the 1855 Treaty the signatory tribes ceded to the United States title to their aboriginal homelands along the Columbia River and its Oregon tributaries, the Hood, Deschutes and John Day rivers, as well as other portions of north central Oregon, totaling approximately ten million acres.
3. The State and the Tribe are separate sovereigns and each respects the laws of the other sovereign.
4. The State's public policy concerning gaming is reflected in the Constitution, statutes and administrative rules of the State, which, at the time of execution of this Compact, authorize a variety of games classified as Class III Gaming under IGRA.
5. The Tribe's public policy, as reflected in its Constitution and Bylaws, includes the powers of the Tribal Council to negotiate with state government, manage the economic affairs of the Tribe and protect the health, security and general welfare of the members of the Tribe.

6. The Tribe is authorized to act by and through ordinances and resolutions adopted by its Tribal Council, subject to the referendum powers of the members of the Tribe, under the Tribe's Constitution and Bylaws adopted pursuant to the Indian Reorganization Act, 25 USC §§ 461 *et seq.*

7. The State of Oregon is authorized to act by and through the Governor of the State.

#### B. IGRA.

1. The United States Congress enacted IGRA in 1988.

2. IGRA sets forth federal policy regarding Indian gaming and provides a statutory basis for the operation of Class III Gaming by the Tribe as a means of promoting tribal economic development, self-sufficiency, and strong tribal government.

3. IGRA provides that Class III Gaming activities are lawful on tribal lands only if such activities are:

- a. located in a state that permits such gaming for any purpose by any person, organization or entity;
- b. authorized by tribal ordinance;
- c. conducted in accordance with a tribal-state compact; and
- d. conducted on "Indian lands" within the meaning of IGRA.

4. IGRA creates a framework for agreements between Indian tribes and states regarding the regulation of Class III Gaming as defined in IGRA.

5. IGRA provides a statutory basis for the conduct and regulation of gaming by the Tribe adequate to shield it from organized crime and other corrupting influences, to ensure that the Tribe is the primary beneficiary of the gaming revenues, and to ensure that gaming is conducted fairly and honestly by both the operators and players.

#### C. Regulatory Roles.

1. The success of tribal gaming depends upon public confidence and trust that the Tribal Gaming Operation is conducted with fairness, integrity, security and honesty, and is free from criminal and corruptive influences.

2. Public confidence and trust can be maintained only if there is strict compliance with all laws and regulations related to the Tribal Gaming Activities, by all persons involved in the Tribal Gaming Operation.
3. The relationship between the State and the Tribe rests on mutual trust and the recognition that each has a duty to protect the gaming public through separate, appropriate responsibilities during the life of current and future compacts.
4. This Compact details the division of regulatory, oversight and monitoring roles agreed to by the parties.
5. The division of regulatory, oversight and monitoring roles in this Compact reserves for the Tribe the primary responsibility for regulating Class III Gaming on tribal land; however, this Compact provides the State of Oregon, acting through the Oregon State Police, with important monitoring and oversight responsibilities to assure the fairness, integrity, security and honesty of the Class III Gaming.
6. The Tribe and the State agree that the state functions of monitoring and oversight of tribal gaming operations in the State of Oregon will be funded fully by the Oregon Indian gaming tribes, as more fully described in this Compact.

D. Class III Gaming on the Tribe's Reservation.

1. On January 6, 1995, the Tribe and the State executed the Tribal-State Government-to-Government Compact for Regulation of Class III Gaming Between the Confederated Tribes of the Warm Springs Reservation of Oregon and the State of Oregon, which was approved by the Secretary of Interior, effective March 13, 1995, and has been amended by the parties from time to time (the "Reservation Compact").
2. The Reservation Compact provided for Class III gaming to take place at the Tribe's Kah-Nee-Ta Lodge or at a "Permanent Gaming Facility" on the Warm Springs Reservation.
3. The Tribe established a Gaming Facility at Kah-Nee-Ta Lodge and is currently conducting Class III Gaming there, but never established a "Permanent Gaming Facility."
4. The Reservation Compact provided that the Tribe waived any right to game at another location or facility for a period of three years, and also provided that either party could request renegotiation to amend, repeal or replace the Reservation Compact.
5. The Tribe has offered to close the Class III Gaming facility at the Kah-Nee-Ta Lodge as more fully described in this Compact.

E. Hood River Lands.

1. In general, IGRA allows Class III Gaming only on lands that were held in trust by the United States for the benefit of a tribe prior to October 17, 1988, unless certain exceptions are satisfied. One of the exceptions in IGRA that permits Class III Gaming on lands acquired after October 17, 1988 by the United States applies if the Secretary of the Interior determines that gaming on such land is in the best interest of the tribe and its members and would not be detrimental to the surrounding community, and if the Governor of the State concurs in that determination.

2. The Tribe claims the right under IGRA to conduct Class III Gaming and to negotiate with the State for a Class III Gaming facility on certain land which was taken into trust by the United States for the benefit of the Tribe before 1988 and is located just outside of the city limits of the City of Hood River (the "Hood River Trust Land") and within the Columbia River Gorge National Scenic Area, and which is shown in Exhibit A.

3. The Tribe has also acquired the parcels of land shown in Exhibit B as the Bryant Property tax lots 100 and 101, the Houston Property and the Christian Futures Property, which are located in the vicinity of the Hood River Trust Land (the "Hood River Fee Lands"). The Tribe is seeking to have the Hood River Fee Lands taken into trust by the United States for the benefit of the Tribe.

4. The Tribe also claims ownership of the portion of the Historic Columbia River Highway that passes through the Hood River Trust Land, which claim the State disputes.

5. The State has established and manages the Historic Columbia Highway State Trail, a portion of which, including the Mark O. Hatfield Trailhead, is located close to the Hood River Trust Land and the Hood River Fee Lands. On behalf of the State, the Governor believes that commercial development in the vicinity of the Mark O. Hatfield Trailhead would be inconsistent with, and not in the best interest of, the recreational use and purpose of the trail.

6. The Hood River Trust Land and Hood River Fee Lands are scenic lands located within the Columbia River Gorge National Scenic Area. The Hood River Trust Land and Hood River Fee Lands are not located within the city limits or urban growth boundary of the City of Hood River. The Hood River Fee Lands are subject to the Gorge Act's land management plan, 16 USC § 544d, although the Hood River Trust Land was exempted from the Gorge Act when enacted because it is Indian trust land. 16 USC § 544(o)(7).

7. Hood River County and the City of Hood River are opposed to the development of a gaming facility on the Hood River Trust Land or Hood River

Fee Lands, as demonstrated by correspondence from the City of Hood River and Hood River County Board of Commissioners Resolution Nos. 824 and 1029, attached to this Compact as Exhibits C and D, respectively.

8. On behalf of the State, the Governor is opposed to the development of a gaming facility on the Hood River Trust Land or the Hood River Fee Lands and does not believe that it would be in the best interests of the surrounding community or the State for a gaming facility to be located on those lands.

9. The Tribe has offered to forego any right to conduct Class III Gaming or to negotiate with the State for a compact authorizing Class III Gaming on the Hood River Trust Land as qualified Indian land under IGRA if another suitable location is agreed upon by the Tribe and the State. The Tribe has proposed certain lands within the city limits and urban growth boundary of the City of Cascade Locks, as described in Exhibit E (the "Cascade Locks Land"), as a suitable location. On March 29, 2004, the Tribe formally requested that the State enter negotiations with the Tribe, pursuant to IGRA, for a gaming compact authorizing Class III Gaming on either the Hood River Trust Land or the Cascade Locks Land.

10. The City of Cascade Locks is a small, rural, economically-depressed community approximately forty-two miles east of Portland, Oregon. Cascade Locks is located in Hood River County seventeen miles west of the Tribe's Hood River Trust Land and Hood River Fee Lands. Cascade Locks is also thirty-eight miles north of the Tribe's Warm Springs Indian Reservation. Cascade Locks is within the area ceded to the United States by the Tribe in the 1855 Treaty. As described in Section E(14) of this Article, tribal members exercise important treaty rights in the area of Cascade Locks.

11. Hood River County and the City of Cascade Locks support the development of a gaming facility on the Cascade Locks Land, as demonstrated by Hood River County Board of Commissioners Resolution No. 1029 (June 4, 2001) and Cascade Locks City Council Resolution No. 856 (January 11, 1999), attached to this Compact as Exhibits D and F, respectively.

12. Based upon all the circumstances currently known or anticipated, including final resolution of issues regarding location of a gaming facility and title to and protection of certain lands in the Columbia River Gorge without costly or prolonged litigation, the Governor, on behalf of the State, believes that it is not detrimental to the surrounding community and is in the best interests of the Tribe and the State to negotiate a compact authorizing Class III Gaming on the Cascade Locks Land rather than the Hood River Trust Land, conditioned upon the Cascade Locks Land being taken into trust by the United States for the benefit of the Tribe for gaming purposes and subject to all of the agreements and promises contained in this Compact.

13. As part of this negotiated agreement authorizing Class III Gaming on the Cascade Locks Land, all as more fully described in this Compact, the Tribe has agreed:

- a. to convey to the State a perpetual conservation easement over the Hood River Trust Land to prevent gaming or other future development of that land (except limited recreational development);
- b. to convey to the State the greatest interest legally permissible to the Hood River Fee Lands; and
- c. to convey to the State a perpetual road easement in order to settle the parties' dispute regarding title to the Historic Columbia River Highway.

14. Cascade Locks is part of the aboriginal homeland of the 1855 Treaty signatory tribes and is within the exterior boundaries of the territory ceded to the United States in Article 1 of the Treaty. Warm Springs tribal members exercise off-reservation fishing rights in the Columbia River at Cascade Locks pursuant to Article 1 of the 1855 Treaty. See *United States v. Oregon*, 718 F.2d 299 (9<sup>th</sup> Cir. 1983). Such treaty fishing rights are federally-protected property rights and include a right of access to the fishing grounds over private property. See *United States v. Winans*, 198 U.S. 371 (1905). Cascade Locks is also the location of a Columbia River "Treaty Fishing Access Site" created by Congress for the exclusive use of Warm Springs and three other Columbia River treaty fishing tribes. P.L. 100-581, Title IV.

15. The Tribe has identified the following features of the Cascade Locks Land that makes it uniquely appropriate for the development of a gaming facility pursuant to the negotiated terms of this Compact:

- a. the Cascade Locks Land is located within the Tribe's aboriginal lands and within the Tribe's 1855 Treaty ceded territory;
- b. the Cascade Locks Land is located on the Columbia River where tribal members exercise treaty fishing rights as noted in *United States v. Oregon*, 718 F.2d 299 (9<sup>th</sup> Cir. 1983);
- c. the City of Cascade Locks is a rural, economically-depressed community that supports the development of a gaming facility;
- d. Hood River County supports the development of a gaming facility on the Cascade Locks Land;
- e. developing a gaming facility on the Cascade Locks Land allows the Tribe to resolve the issue of the location of the Tribe's gaming facility

and to resolve other issues regarding land in Hood River County without costly or prolonged litigation;

f. the Cascade Locks Trust Land is industrial land suitable for the development of a gaming facility within the urban growth boundary of the City of Cascade Locks;

g. the Cascade Locks Land is approximately forty-two miles east of Portland, Oregon, along Interstate 84; and

h. the Cascade Locks Land is seventeen miles west of the Tribe's Hood River Trust Land and Hood River Fee Lands and is thirty-eight miles north of the Tribe's Warm Springs Indian Reservation.

F. Columbia River Gorge.

1. The Tribe and the State share an interest in protecting and enhancing the scenic, cultural, recreational and natural resources of the Columbia River Gorge National Scenic Area and desire to minimize any possible adverse impact of the Gaming Facility on the Scenic Area.

2. This Compact allows the Tribe and the State to protect perpetually the Hood River Trust Land and Hood River Fee Lands by preventing the construction of a gaming facility or other development (except limited recreational development) on those lands.

3. The Cascade Locks Land is currently zoned as industrial land and is located in the Port of Cascade Locks Industrial Park, which is within the boundaries of the City of Cascade Locks and the Cascade Locks Urban Area as defined in 16 USC § 544b(e), and therefore is not subject to the Gorge Act's land management plan, 16 USC § 544d(c)(5)(B).

4. Development of the Gaming Facility in the Cascade Locks Urban Area furthers the Gorge Act's purposes of encouraging economic development in urban areas within the Columbia River Gorge that is consistent with protection and enhancement of the Columbia River Gorge's scenic, cultural, recreational and natural resources. 16 USC § 544(a)(2).

5. Provisions of this Compact are intended to ensure that development of a gaming facility on the Cascade Locks Land is consistent with the environmental sensitivity and recreational uses of the Columbia River Gorge National Scenic Area. In particular, this Compact dedicates a portion of the revenue from the Gaming Facility to preserving, protecting and enhancing natural and cultural resources within the Scenic Area.

G. Economic Benefits to the Community.

1. The Tribe intends to construct a resort on the Cascade Locks Land that is of the highest quality. In addition to gaming, the resort is expected to include a hotel, a spa, several restaurants, several meeting and entertainment venues and an interpretive nature trail. An outline of the footprint and a conceptual rendering of the Tribe's current plans for the Resort are attached as Exhibits G and H, respectively.
2. Economic development in this area of rural Oregon is a priority of the State, the Tribe and local government in Hood River County. The unemployment rate in rural Oregon, including Hood River County and on the Tribe's Warm Springs Reservation, is significantly higher than the nationwide and statewide unemployment rates.
3. It is anticipated that construction of the Resort will result in over four hundred temporary construction jobs and approximately one thousand three hundred ongoing jobs at the Resort.

H. Economic Benefits to the Tribe.

Under Article XV, Section 4(12) of the Oregon Constitution, the Oregon legislature may not authorize non-Indian casinos in the State of Oregon. However, pursuant to federal law, all nine of the federally-recognized Indian tribes in Oregon operate gaming facilities on lands that qualify for gaming under IGRA without the two-part determination of 25 USC § 2719(b)(1)(A). The Cascade Locks Land is located approximately forty-two miles east of Portland, Oregon along Interstate 84. The terms of this Compact and the exclusive rights that the Tribe will enjoy will provide a significant economic benefit to the Tribe. The revenue generated by this Gaming Facility is projected to be a substantial portion of the Tribe's revenues. In consideration for the economic benefits and exclusive rights provided by this Compact, for the right to conduct Class III Gaming on the Cascade Locks Land with the requested scope of Class III Gaming, for the perpetual nature of this Compact, for the resolution of issues regarding the Tribe's right to conduct Class III Gaming on the environmentally-sensitive Hood River Trust Land and the ownership of the portion of the Historic Columbia River Highway passing through the Hood River Trust Land without costly or prolonged litigation, for a compact that authorizes Class III Gaming at an economically-desirable location, and for the other meaningful concessions offered by the State in the course of good faith negotiations, the Tribe has agreed to share, on a sovereign government-to-government basis, a portion of its revenues from the Gaming Facility, as more fully described in this Compact.

I. Concurrence.

If in connection with the fee-to-trust process for the Cascade Locks Land, the Secretary of Interior and the Governor determine, pursuant to 25 USC § 2719(b)(1)(A), that a gaming establishment on the Cascade Locks Land is in the best interest of the Tribe and its members, and that a gaming establishment at the Cascade Locks Land will not be

detrimental to the surrounding community, then based on all of the agreements and promises contained in this Compact and satisfaction of any conditions precedent contained herein, the Governor will concur in taking the Cascade Locks Land into trust.

In consideration of the mutual undertakings and agreements of the parties, including but not limited to those set forth herein, the Tribe and the State agree as follows:

#### **ARTICLE IV – PRINCIPLES GOVERNING CLASS III GAMING**

The Tribe and the State agree that maintaining the fairness, integrity, security and honesty of the Tribal Gaming Activities is essential both to the success of the enterprise and to satisfy the interests of the State and of the Tribe. The Tribe and the State agree that both have a responsibility to protect the citizens of this State who patronize the Gaming Facility from any breach of security of the Tribal Gaming Activities. Accordingly, all decisions by the Tribe, the Tribal Gaming Commission and the management of the Tribal Gaming Operation, concerning regulation and operation of the Tribal Gaming Facility, including those decisions expressly placed within the Tribe’s

discretion under the terms of this Compact, shall be consistent with each of the following principles:

- A. Any and all decisions concerning regulation and operation of the Tribal Gaming Activities, whether made by the Tribe, the Tribal Gaming Commission or the management of the Tribal Gaming Operation, shall reflect the particularly sensitive nature of Tribal Gaming Activities.
- B. In order to maintain the fairness, integrity, security and honesty of the Tribal Gaming Activities, the Tribe, the Tribal Gaming Commission and the management of the Tribal Gaming Operation shall work diligently and take all reasonably necessary affirmative steps to prevent cheating and theft, and to protect the Tribal Gamings Operation from the influence of or control by any form of criminal activity ors organization.

The fairness, integrity, security and honesty of the Tribal Gaming Activities shall be of paramount consideration in awarding contracts, licensing and hiring employees, and in making other business decisions concerning Tribal Gaming Activities. Any off-track pari-mutuel wagering held at race courses outside the State of Oregon shall be conducted in compliance with the applicable requirements of the Interstate Horseracing Act of 1978, as amended, 15 USC § 3001-07.

2. The Tribe may submit a written request to the State for authority to engage in any other Class III Gaming, any variations of Class III Gaming previously approved, or any side-bet activities related to Class III Gaming, that have been approved by the Nevada Gaming Control Board. The State shall notify the Tribe in writing of approval or denial of the request within sixty (60) calendar days following its receipt of the request, and the State shall not arbitrarily deny any such request. Any Class III Gaming approved under this subsection is subject to, and must be in compliance with, the provisions of this Compact, including rules, procedures and internal controls at least as stringent as the Minimum Internal Controls.

3. The Tribe shall not offer any type of Class III Gaming other than those authorized pursuant to Sections B(1) and B(2) of this Article.

4. This Article V shall be construed consistent with federal classification of gaming activities. Any gaming activity classified by federal regulation as Class II

Gaming shall not be subject to the provisions of the Compact except as provided in Section C(4) of this Article and in Article X, Section B(2).

5. The Tribe shall not permit or accept any wagers over the internet or by any telecommunications system or device, except to accomplish off-race course pari-mutuel wagering as permitted by state law.

6. The Tribe shall not offer sports bookmaking.

C. Gaming Location.

1. The Gaming Facility authorized by this Compact shall be located on the Cascade Locks Land, provided that the federal government takes the Cascade Locks Land into trust for the Tribe for gaming purposes pursuant to 25 USC § 2719(b)(1)(A). The Tribe shall conduct the Class III Gaming authorized under this Compact only in the Gaming Facility.

2. In accordance with State policy to authorize only one casino per tribe, the nine Class III Gaming compacts in the State of Oregon each authorize only one Class III casino per tribe. The parties to this Compact agree to continue the “one-casino-per-tribe” policy.

3. As of the execution date of this Compact, the Tribe is conducting Class III Gaming on lands within the Warm Springs Reservation pursuant to the Reservation Compact. The parties plan to execute the Amended and Restated Tribal-State Government to Government Compact for the Regulation of Class III Gaming on the Warm Springs Reservation (the “Amended and Restated Reservation Compact”) and to submit the Amended and Restated Reservation Compact to the Secretary of the Interior for approval. The Tribe and the State agree that the Reservation Compact or the Amended and Restated Reservation Compact, whichever is in effect at the time, shall terminate at 12:01 a.m. on the date the Tribe first commences any Class III Gaming at the Gaming Facility, and at the same time the Tribe shall cease all Class III Gaming conducted under the Reservation Compact or the Amended and Restated Reservation Compact, whichever is in effect at the time. The Tribe acknowledges and agrees that the Tribe may maintain only one gaming facility and is not authorized to and shall not conduct any Class III Gaming at any location in the State of Oregon other than at the Gaming Facility. Specifically, the Tribe acknowledges and agrees that the Tribe is not authorized to and shall not conduct any Class III Gaming on lands within the Warm Springs Reservation, nor shall the Tribe conduct any Class III Gaming on any trust lands in Hood River County other than at the Gaming Facility.

4. In order to maintain the “one-casino-per-tribe” policy stated in Section C(2) of this Article, the Tribe agrees to refrain from conducting gaming on the Warm Springs Reservation involving patron play on electronic or electro-

mechanical machines that are substantially similar in appearance or operation to VLTs or slot machines and to refrain from asserting that such gaming is Class II Gaming. In addition, the Tribe agrees to refrain from denoting, marketing, advertising or taking any other actions to represent that gaming conducted on the Warm Springs Reservation is available at a "casino." The State acknowledges the Tribe's right to conduct bingo and other Class II Gaming on the Warm Springs Reservation, provided however, that such gaming does not involve patron play on electronic or electro-mechanical machines that are substantially similar in appearance or operation to VLTs or slot machines. The parties agree that these conditions are appropriate in order to maintain the "one-casino-per-tribe" policy described in Section C(2) of this Article.

5. The State acknowledges that after the opening of the Gaming Facility and the termination of the Reservation Compact or the Amended and Restated Reservation Compact, whichever is in effect at the time, pursuant to Section C(3) of this Article, the Tribe may seek to become an Oregon Lottery retailer on the Warm Springs Reservation. The parties agree that nothing in this Compact is intended to prevent the State and Tribe from negotiating to amend this Compact to authorize consideration of the Tribe's application to become an Oregon Lottery retailer to the extent authorized by state and federal law.

D. Number of Authorized VLTs.

1. Subject to, and in compliance with the provisions of this Compact, the Tribe is authorized to operate up to but not in excess of one thousand eight hundred (1800) VLTs at the Gaming Facility. Subject to other terms of this Compact, the Tribe may determine in its discretion the location and spacing of VLTs within the Gaming Facility.

2. The Tribe may at anytime after the first year following commencement of Class III Gaming at the Gaming Facility request written authorization from the State to operate up to an additional two hundred (200) VLTs, and the State shall, upon the Tribe's request, authorize in writing up to an additional two hundred (200) VLTs, for a total of two thousand (2000) VLTs, if the State determines that the Tribe is in substantial compliance with the provisions of this Compact.

3. The Tribe may maintain VLTs not in service in on-site storage at the Gaming Facility, so long as the total number of VLTs in operation and in storage does not exceed one hundred ten percent (110%) of the authorized number of VLTs, and so long as the site and manner of storage are consistent with Tribal Gaming Commission policies mutually agreed to by the Tribal Gaming Commission and OSP.

4. For purposes of the calculation of the authorized number of VLTs as provided in this Section D, a VLT providing for play by multiple players shall count as one VLT, as long as the total number of such multiple-player VLTs does

not exceed one percent (1%) of the total number of authorized VLTs. If the total number of VLTs providing for play by multiple players exceeds one percent (1%) of the total number of authorized Class III Gaming VLTs, then each gaming station at any multiple-player VLTs in excess of one percent (1%) of the total number of authorized VLTs shall be counted as one VLT.

E. Number of Authorized Table Games.

1. Subject to and in compliance with the provisions of this Compact, the Tribe is authorized to operate up to but not in excess of sixty (60) Table Games at the Gaming Facility.

2. The Tribe may at anytime after the first year following commencement of Class III Gaming at the Gaming Facility request written authorization from the State to operate up to an additional ten (10) Table Games, and the State shall, upon the Tribe's request, authorize in writing up to an additional ten (10) Table Games, for a total of seventy (70) Table Games, if the State determines that the Tribe is in substantial compliance with the provisions of this Compact.

F. Introduction of Authorized Games at Gaming Facility.

1. Unless the parties agree to a shorter period, at least sixty (60) calendar days before any Class III Gaming authorized under Section B(1) or Section B(2) of this Article is conducted at the Gaming Facility, the Tribal Gaming Commission shall:

a. Ensure that the Tribal Gaming Operation develops rules and procedures for a system of internal controls for the new Class III Gaming that meets the Minimum Internal Controls.

b. Require that the Tribal Gaming Operation provide appropriate training for all dealers, supervisors, surveillance personnel and any other employees involved in the conduct or regulation of the new Class III Gaming and for the Tribal Gaming Commission, such that those being trained have the knowledge and skills required under typical industry standards for the job function that employee performs, including but not limited to player money management and betting, card counting and detection of cheating methods. The Tribal Gaming Commission shall notify OSP prior to beginning this training and shall provide OSP an opportunity to participate.

c. Ensure that the Tribal Gaming Operation establishes a security and surveillance plan for the new Class III Gaming that meets the Minimum Internal Controls.

- d. Adopt rules of operation for the new Class III Gaming that meet the Minimum Internal Controls, including rules of play and standards for equipment.
- e. Notify OSP that the Tribe proposes to offer the new Class III Games to the public and, at the same time, certify in writing that the requirements of Section F(1) have been met, and provide to OSP for review all of the internal controls, regulations, plans, procedures and rules required under this Article.

2. Pre-Introduction Demonstration.

- a. Unless the parties agree to a shorter period, at least sixty (60) calendar days before a Class III Game authorized under Section B(1) or Section B(2) of this Article is conducted at the Gaming Facility, the Tribe must demonstrate to OSP's reasonable satisfaction that the Tribe has adopted appropriate internal controls, surveillance plans, game rules and procedures, that meet gaming industry standards for the authorized Class III Game.
- b. OSP shall notify the Tribe in writing within five (5) Business Days following the conclusion of the demonstration whether or not OSP is reasonably satisfied that the Tribe has complied with the foregoing obligation. If OSP believes that the Tribe has not adopted appropriate internal controls, surveillance plans, game rules and procedures, that meet gaming industry standards for the authorized Class III Game, then OSP shall provide written notice to the Tribe detailing the perceived deficiencies, and OSP and the Tribe shall meet within 10 Business Days of the notice and mutually address OSP's concerns before a Class III Game authorized under Section B(1) or Section B(2) of this Article is conducted at the Gaming Facility.
- c. The parties agree that the rules of operation applicable to Class III Games previously conducted under the Amended and Restated Reservation Compact, including rules of play and standards for equipment, are deemed to meet OSP's reasonable satisfaction for purposes of the same Class III Games that the Tribe is authorized to conduct at the Gaming Facility.
- d. Further, the Tribe and State must agree that the Tribal Gaming Commission and OSP are adequately prepared to regulate and monitor the new Class III Game, including agreement that the Tribal Gaming Operation has sufficient adequately-trained personnel to supervise the conduct of the new Class III Game, and that the Tribal Gaming Commission has sufficient adequately-trained personnel to monitor and regulate conduct of the new Class III Game.

3. The Tribe shall establish wager limits for all Class III Gaming. The Tribe shall establish a maximum wager of five hundred dollars (\$500) per hand, including side bets, for each Table Game and Counter Game for the initial ninety (90) day period that the particular type of Table Game or Counter Game is available for play.

4. After the initial ninety (90) day period described in Article V, Section F(3), the Tribe may make written request that OSP authorize a maximum wager of up to one thousand dollars (\$1000) per hand, including side bets, for any particular type of Table Game or Counter Game. If OSP concludes that the Tribe is conducting the particular type of Table Game or Counter Game under the conditions described in subsections (a) through (e) of this Section F(4), then OSP shall authorize in writing the requested increase in wager limit for that particular type of Table Game or Counter Game. The Tribe may make written request to OSP for authorization to increase the wager limits during the initial ninety (90) day period, and OSP may in its discretion authorize or deny the requested increase. The following conditions apply to this Section (F)(4) for purposes of wager limit increase authorization:

- a. All of the rules, procedures and plans required under Section F(1) of this Article must have been adopted and approved by the Tribal Gaming Commission;
- b. All of the rules, procedures and plans required under Section F(1) of this Article must have been acknowledged by OSP as meeting the Minimum Internal Control Standards, and have been implemented by the Tribal Gaming Commission;
- c. All training required by the Minimum Internal Controls and the regulations of the Tribal Gaming Commission must be up to date;
- d. The Tribal Gaming Commission must have adopted policies and procedures that set forth appropriate sanctions for Violations by any employee of the Tribal Gaming Operation, and those procedures must provide for the Tribal Gaming Operation's investigation of possible Violations by any employee of the Tribal Gaming Operation, and the Tribal Gaming Operation management must have committed in writing to train employees regarding Violations and their consequences and impose the sanctions for Violations against any employee of the Tribal Gaming Operation as required by the Tribal Gaming Commission's policies and procedures;
- e. The Tribal Gaming Commission must have adopted and implemented procedures for employees to directly report Violations to the Tribal Gaming Operation; and

f. The Tribal Gaming Commission must maintain records of investigations of all reports of Violations by any employee of the Tribal Gaming Operation and promptly report the Violations to OSP, including description of the action taken by the Tribal Gaming Commission or Tribal Gaming Operation management to correct the Violation, and the discipline or sanctions imposed.

### A. In General.

1. The State and the Tribe agree that the Cascade Locks Land is subject to Public Law 83-280 (18 USC § 1162, 28 USC § 1360) because it is Indian country in Oregon not part of the Warm Springs Reservation for purposes of that law. Accordingly, the State shall have criminal jurisdiction over offenses committed by or against Indians and non-Indians on the Cascade Locks Land; the criminal laws of the State shall have the same force and effect on the Cascade Locks Land as they have on non-Tribal lands within the State. Nothing in this Compact shall be interpreted to diminish the criminal jurisdiction of the United States.

2. The Tribe and the State shall have concurrent criminal jurisdiction over offenses committed by Indians on the Cascade Locks Land. Before any Class III Gaming is conducted at the Gaming Facility, the Tribe and OSP shall execute a memorandum of understanding regarding the enforcement of criminal laws on the Cascade Locks Land.

3. The Tribe and the State agree that the Tribe will contact local law enforcement officials for the first response to criminal or public safety issues that are not related to the operating of gaming or that occur other than in the course of the play of games. As between OSP and local law enforcement officials, the Tribe shall notify OSP regarding, and OSP shall have exclusive authority to investigate, violations of state criminal law related to the operations of gaming or that occur in the course of play of Class III Gaming. Nothing in this subsection 3 shall preclude the Tribe from requesting OSP assistance on any criminal or public safety issue if OSP is present at the Resort when assistance is needed.

4. If the Tribe establishes a law enforcement agency that is responsible to investigate criminal law violations at the Cascade Locks Land, the Tribe agrees that the State shall continue to have the authority to investigate possible violations of this Compact or other gaming regulatory matters, or both. The Tribe and the State further agree that their respective law enforcement agencies will cooperate in any investigation that involves or potentially involves both criminal and regulatory violations.

5. The Tribe and the State agree to cooperate in the investigation and prosecution of any Gaming Related Criminal Activity committed at the Resort. The Tribe and the State agree to cooperate in maintaining a state-wide system to identify and monitor persons excluded from any tribal gaming facility in the State of Oregon.

6. In the event a court of competent jurisdiction determines that the Cascade Locks Land is not subject to Public Law 83-280, the parties shall renegotiate the memorandum of understanding described in Section A(2) of this Article as soon as practicable.

B. Except as may be provided in a memorandum of understanding executed in accordance with Section A(2) of this Article, law enforcement officers of the State of Oregon, or officers designated by the State, shall have free access to all areas within the Resort, for the purpose of maintaining public order and public safety, conducting investigations related to possible criminal activity and enforcing applicable laws of the State. The Tribe, or individuals acting on its behalf, shall provide OSP officers access to locked and secure areas of the Resort, including the Gaming Facility, in accordance with the regulations for operation and management of the Tribal Gaming Operation.

C. The Tribe and the State agree that the criminal laws of the State of Oregon that proscribe gambling activities shall apply to any person who engages in the proscribed activities if those activities are not conducted under the authority of the Tribe as provided in this Compact or otherwise under IGRA.

iii. In the event that OSP is or becomes aware of information concerning the subject of a Background Investigation that suggests the necessity of further investigation, OSP shall immediately notify the Tribal Gaming Commission and provide the Tribal Gaming Commission with the opportunity to consider such information and take further action, unless OSP determines that to do so would hinder an ongoing investigation, or would be detrimental to the fairness, integrity security or honesty of the Tribal Gaming Operation, or would be otherwise contrary to law.

iv. In the interest of the fairness, integrity, security and honesty of Class III Gaming and on the behalf of the Tribe, OSP shall conduct all Background Investigations on prospective Tribal Gaming Commission members, prospective Low Security Employees and prospective High Security Employees who are family members of the Tribal Gaming Commission, and on any other person the Tribal Gaming Commission identifies as having a potential conflict of interest with a member of the Tribal Gaming Commission. The Tribe shall forward the applicant information to OSP for each prospective Tribal Gaming Commission member, each prospective Low Security Employee and each prospective High Security Employee who is a family member of a Tribal Gaming Commission member. For purposes of this subsection (iv), "family members" include the current or former spouse of a Tribal Gaming Commission member; and the children, siblings and parents of a Tribal Gaming Commission member or of a spouse of the Tribal Gaming Commission member.

ii. Has been convicted of a crime involving unlawful gambling under the law of any federal, state or tribal jurisdiction, whether or not conviction of such has been expunged, or is the subject of a civil judgment under the law of any federal, state or tribal jurisdiction that is based on a judicial finding of facts that constitute the elements of a crime involving unlawful gambling in that jurisdiction, or if OSP informs the Tribal Gaming Commissions that it has determined, based on reasonably reliable information, that the applicant has engaged in conduct that constitutes the elements of a crime involving unlawful gambling, such that the conduct could be proved by a preponderance of the evidence.

iii. Has associated in a direct business relationship, whether as a partner, joint venturer or employer, with any person who has been convicted of a felony, other than a traffic offense, or a crime involving unlawful gambling, under the law of any federal, state or tribal jurisdiction, or if OSP informs the Tribal Gaming Commission that it has determined, based on reasonably reliable information, that the person has engaged in conduct that constitutes the elements of such a felony or a crime involving unlawful gambling, such that the conduct could be proved by as preponderance of the evidence.

iv. Was employed by any other person who has been convicted of a felony on charges other than a traffic offense, or a crime involving unlawful gambling, under the law of any federal, state or tribal jurisdiction, or if OSP informs the Tribal Gaming Commission that it has determined, based on reasonably reliable information, that the person has engaged in conduct that constitutes the elements of such a felony or crime involving unlawful gambling, such that the conduct could be proved by as preponderance of the evidence, if the prospective employee or official was in any way involved in the criminal activity as its occurred.

v. Has been subject to convictions or judicial findings of offenses, other than a traffic offense, that demonstrate a pattern of disregard for the law, or if the Tribal Gaming Commission or OSP determines, based on reasonably reliable information, that the applicant has engaged in conduct that demonstrates a pattern of disregard for the law, such that the conduct could be proved by a preponderance of the evidence.

vi. For purposes of this Section A(5), “reasonably reliable information” means information that would be admissible in a civil court proceeding over an objection under the Federal or Oregon Rules of Evidence.

b. The Tribal Gaming Commission shall deny a Tribal Gaming License to any High Security Employee or Primary Management Official if:

c. The Tribal Gaming Commission may deny a Tribal Gaming License to any prospective High Security Employee for any reason the Tribal Gaming Commission deems sufficient. Such decisions to grant or deny a Tribal Gaming License shall be consistent with the principles set forth in Article IV. In determining whether to deny a Tribal Gaming License to any prospective High Security Employee, the factors to be considered by the Tribal Gaming Commission shall include, but need not be limited to, the following:

i. Whether the applicant has been convicted of any crime (other than a crime listed in Article VII, Section A(5)(a)) in any jurisdiction; or

affect the fairness, integrity, security or honesty of Tribal Gaming Activities.

d. g. No High Security Employee may receive a Tribal Gaming License from the Tribal Gaming Commission until all Background Investigations required under this Article VII for that High Security Employee are completed, except as otherwise provided in Section A(8) of this Article.

6. Waiver of Disqualifying Criteria.

a. If a prospective High Security Employee or prospective Low Security Employee is disqualified for licensing under the provisions of Article VII, Section A(5), and the Tribal Gaming Commission believes that there are mitigating circumstances that justify waiver of the disqualifying factor, the Tribal Gaming Commission may give written notice to OSP asking to meet or confer concerning waiver of the disqualification. The Tribal Gaming Commission and the State shall meet or confer within fifteen (15) calendar days after the State receives written notice.

b. In order for the Tribal Gaming Commission to waive disqualification of licensing of any prospective High Security Employee or prospective Low Security Employee, OSP must agree to the waiver. 4. Investigations and Sanctions. The Tribal Gaming Commission shall conduct an appropriate investigation of any reported Violation and shall require the Tribal Gaming Operation to correct the Violation upon such terms and conditions as the Tribal Gaming Commission determines to be necessary. The Tribal Gaming Commission shall be empowered by the Tribal Gaming Ordinance to impose fines and other sanctions within the jurisdiction of the Tribe against the Tribal Gaming Operation, a gaming employee, or any other person directly or indirectly involved in, or benefiting from, the Tribal Gaming Operation.

5. Reporting to OSP. The Tribal Gaming Commission shall forward copies of all completed investigation reports as described in Section A(3) of this Article and final dispositions to the State on a continuing basis. If requested by the Tribal Gaming Commission, the State shall assist in any investigation initiated by the Tribal Gaming Commission, and provide other requested services to assist in enforcement of the provisions of this Compact, tribal ordinances, regulations or applicable laws of the State. In cases where an investigation lasts longer than forty-five (45) calendar days, the Tribal Gaming Commission shall notify OSP at the expiration of the forty-five (45) calendar days and every thirty (30) calendar days thereafter in writing as to the status of the investigation, why the matter is taking longer than forty-five (45) calendar days, and the anticipated completion date of the investigation.

**B. State Enforcement of Compact Provisions.**

1. Monitoring. OSP is authorized to monitor the Tribal Gaming Activities in the manner the State reasonably considers necessary to verify that the Tribal Gaming Operation is conducted in compliance with the provisions of this Compact and to verify that the Tribal Gaming Commission is fulfilling the Tribe's obligations under this Compact. OSP shall have free and unrestricted access to all areas of the Resort during normal operating hours without giving prior notice to the Tribal Gaming Commission except for those areas that are mutually agreed to in writing by OSP and the Tribal Gaming Commission as being excluded. At the

Tribe's option, it may designate a Tribal Gaming Agent or other Tribal law enforcement official to accompany the OSP official monitoring the Tribal Gaming Activities. Such designation by the Tribe shall not delay, inhibit, or deprive OSP of such access. The Tribe agrees that OSP's monitoring function includes, at a minimum, the activities identified in this Compact and any amendments and memoranda of understanding entered into pursuant to this Compact, and that the actual, reasonable and necessary cost of monitoring activities shall be assessed to the Tribe as provided in Section C of this Article. In addition to OSP's regular monitoring functions, the Tribe agrees that OSP may conduct the following activities, the cost of which shall also be assessed to the Tribe as provided in Section C of this Article:

- a. An annual comprehensive Compact compliance review, which shall be planned and conducted jointly with the Tribal Gaming Commission, of the Tribal Gaming Activities or any other tribal activities subject to this Compact to verify compliance with all provisions of this Compact (including Minimum Internal Controls) and with all applicable federal, state and tribal laws, including but not limited to National Indian Gaming Commission regulations, the Tribal Gaming Ordinance, and Tribal Internal Controls, policies and procedures that are applicable to the Tribal Gaming Operation and Class III Gaming. This review shall include, at a minimum, a review in the following areas: administrative controls (Tribal Internal Controls), gaming operations controls, drop boxes, station inventories, surveillance department controls, cashier cage controls, count room controls (security and surveillance), accounting department controls (security), general controls (Compact regulatory requirements), blackjack controls, VLT controls, Class III accounts payable, employee identification, gaming chip inventory for gaming floor and cage, physical examination of all class III gaming cards, chips, e-proms, paper stock, printers, keno balls, fill slips, video gaming devices, keno controls, off-track betting and security department controls;
- b. Periodic review of any part of the Tribal Gaming Activities or any other tribal activities subject to this Compact in order to verify compliance with all provisions of this Compact (including Minimum Internal Controls) and with all applicable federal, state and tribal laws, including but not limited to National Indian Gaming Commission regulations, the Tribal Gaming Ordinance, and Tribal Internal Controls, policies and procedures that are applicable to the Tribal Gaming Operation and Class III Gaming;
- c. Investigation of possible Violations and other gaming regulatory matters, whether discovered during the action, review, or inspection by OSP during its monitoring activities, or otherwise;

- d. Investigation of possible criminal law violations that involve the Tribal Gaming Activities, whether discovered during the action, review, or inspection by OSP during its monitoring activities, or otherwise;
- e. Periodic review of any contracts between the Tribe and suppliers, vendors or contractors that provide non-gaming goods or services to the Tribal Gaming Operation for the Gaming Facility as provided in Article VIII, Section L(3).

2. The parties agree that if any Class III Gaming activities are conducted or intermingled within the Tribe's Gaming Facility in such a way that they are inseparable from Class II Gaming activities, such as surveillance of both Class II and Class III Gaming operations by a single surveillance department or use of the same equipment in both operations, and the intermingling prevents the State from fulfilling its responsibilities under this Compact without reviewing or overseeing the Class II Gaming activities, OSP shall have full access to both for purposes of carrying out the duties of OSP with respect to Class III Gaming under this Compact.

3. OSP shall ensure that all personnel assigned to carry out the terms of the Compact shall be provided with adequate training for this purpose. The Tribe may request removal of a state law enforcement officer or auditor on the basis of conduct disrespectful of the Tribe or its culture. Effective performance of the officers' or monitor's duties shall not be the basis for disapproval. If the Tribe makes such a request, it shall meet with OSP to discuss the reason for the request, and OSP shall consider the request.

4. Access to Records. The State is authorized to review and copy, during normal business hours, and upon reasonable notice, any and all Tribal records pertaining to the Tribal Gaming Activities, including all Class III Gaming-related contracts, whether those records are prepared or maintained by the Tribe, the Tribal Gaming Commission or the Tribal Gaming Operation. The Tribe agrees to require applicants for a Tribal Gaming License to consent to disclosure to the State of Tribal records relevant to the determination of eligibility for licensing. The Tribe and the State agree that the Tribe shall include information obtained solely from tribal records in a separate section of the application that is submitted to the OSP, clearly identified as coming from tribal records by the heading: "**CONFIDENTIAL TRIBAL INFORMATION-DO NOT COPY**". After review of such information, the OSP shall not retain and shall return promptly that section of the application to the Tribal Gaming Commission, as agreed upon by the Tribal Gaming Commission and OSP. Information contained in other sections of the application may be retained by OSP, even if containing information from tribal records. OSP shall return to the Tribe copies of tribal documents related to background investigations within 60 calendar days of obtaining the copies. OSP shall be entitled to retain copies of the following: the Tribal Gaming Commission investigative report, a photograph of the applicant, and information release forms.

- a. The Tribe acknowledges that any records created by or maintained by the State, including any records created or maintained in connection

with the performance of the State's duties and functions under this Compact, belong to the State and are fully subject to the State of Oregon Public Records Law, ORS 192.410 to 192.505. Any information concerning the Tribal Gaming Activities that is contained in the State's records may be subject to disclosure under ORS 192.410 to 192.505, unless the State would be permitted to withhold that information from disclosure under ORS 192.410 to 192.505. Examples of the kind of information that may be withheld from disclosure by the State under appropriate circumstances include:

- i. "Trade secrets" as defined in ORS 192.501(2);
  - ii. Investigatory information compiled for criminal law purposes as described in ORS 192.501(3);
  - iii. Information submitted in confidence, as provided in ORS 192.502(4), which could include, for example, information contained in state records which would reveal information about the operation of any Class III Game, about the Tribe's finances, or about the workings of the Tribal Gaming Operation that could reasonably assist a person in the conduct of activity that could adversely affect the fairness, integrity, security or honesty of the Class III Gaming activities; or
  - iv. Any information the disclosure of which is specifically prohibited by state or federal law.
- b. Applications submitted to and retained by OSP for Tribal Gaming Licenses are State of Oregon records and may be subject to disclosure under ORS 192.410 to 192.505 unless the State would be permitted to withhold that information from disclosure under ORS 192.410 to 192.505.
- c. Information about the Tribal Gaming Activities, whether obtained from the Tribe or from any other source, that is included in a document prepared, owned, used or retained by the State in connection with its duties and functions under this Compact may be subject to disclosure under ORS 192.410 to 192.505 unless the State would be permitted to withhold that information from disclosure under ORS 192.410 to 192.505 or as otherwise provided by this Compact.
- d. The Tribe has agreed to allow OSP access to sensitive financial, security and surveillance information that the Tribe considers confidential. The State acknowledges that the Tribe has voluntarily given the State access to this information and that the Tribe would not otherwise be required by law to do so. The State acknowledges that this information should reasonably be considered confidential. To the extent such

information is included in any State records that are subject to disclosure, the State hereby obliges itself not to disclose this information when the public interest, including the public interest in maintaining the honesty, integrity, fairness and security of the Tribe's Class III Gaming activities, would suffer by such disclosure.

e. The State agrees to notify the Tribe promptly of any request for disclosure of documents containing information about the Tribal Gaming Activities. If the State decides to release any documents that contain information about the Tribal Gaming Activities, the State will notify the Tribe at least five (5) Business Days before any disclosure is made.

f. Any dispute as to the disclosure of documents under this Section B(4) shall be brought in the Oregon state courts.

g. Nothing in this Section B(4) precludes the State or the Tribe from disclosing information pursuant to state, tribal or federal rules of civil procedure or evidence in connection with litigation, a prosecution or criminal investigation, subject to any defenses either party may assert. The parties agree to assert available defenses to disclosure unless in that party's determination, to do so would jeopardize the party's position in litigation.

5. **Investigative Reports.** After completion of any investigative report, OSP shall provide a copy of the report to the Tribal Gaming Commission. In cases where an investigation lasts longer than forty-five (45) calendar days, OSP shall notify the Tribal Gaming Commission at the expiration of the forty-five (45) calendar days and every thirty (30) calendar days thereafter in writing as to the status of the investigation, why the matter is taking longer than forty-five (45) calendar days, and the anticipated completion date of the investigation.

C. Assessment for State Monitoring, Oversight and Law Enforcement Costs.

1. The Tribe agrees that the federally-recognized Indian tribes in Oregon that conduct Class III Gaming ("Gaming Tribes") have the collective responsibility to pay for the costs of performance by OSP of its activities authorized under this Compact, including associated overhead ("OSP's Costs"). The Tribe agrees to pay its fair share of OSP's Costs pursuant to the memorandum of understanding entered between the Tribe and OSP in accordance with Section C(4) of this Article.

2. During the development of its biennial budget, OSP shall distribute a draft of the Tribal Gaming Section portion of the OSP budget to the Gaming Tribes for their review and comment prior to submitting the budget to the Governor and to the Legislature. OSP shall give full consideration to the Gaming Tribes' comments on the budget. Notwithstanding the right of the Gaming Tribes to

comment on the budget, each Gaming Tribe retains the right to participate in any public review of the budget by either the Governor or the Legislature, as well as review before the Emergency Board for any increase in the budget.

3. Because of the government-to-government relationship between the Tribe and the State, the parties recognize that the Tribe's obligation to pay its fair share of OSP's Costs as provided by this Compact is unique. Nothing in this Compact is intended to, nor shall be construed as, creating a responsibility for the Tribe to pay for any other governmental services rendered by or received from the State.

4. No later than six (6) months before the date scheduled for commencement of Class III Gaming at the Gaming Facility, the Tribe and OSP shall execute a memorandum of understanding that includes the methodology for determining the amount of the Tribe's fair share of OSP Costs and the process for, including timing of, the Tribe's payments of its fair share of OSP Costs. The memorandum of understanding may be amended without amending this Compact.

5. If the Tribe disputes the amount of the OSP Costs under any invoice, the Tribe shall pay timely the undisputed amount within thirty (30) calendar days of the date the Tribe receives the invoice and shall notify OSP in writing of the specific nature of the dispute for any disputed amount that remains unpaid from that invoice. If the parties have not resolved the dispute within 15 calendar days after OSP receives the Tribe's notice, then the Tribe shall pay the disputed amount into an interest-bearing escrow account at a bank insured by the FDIC, that is separate and distinct from other tribal accounts, with escrow instructions providing that the funds (including interest) are to be released only upon authorization by both the Tribe and OSP. The parties shall share the reasonable costs of the escrow. The dispute shall then be resolved pursuant to the procedures set forth in Article XVII. {PRIVATE } If the Tribes fail to pay timely the disputed amount into escrow or pay timely the undisputed amount, the Oregon State Police may suspend any Background Investigations that are in process under Article VII or Article VIII, or both, or withhold authorization for the shipment of Class III Gaming equipment under this Compact, or the State may pursue other remedies for Compact violations available under this Compact or under IGRA, or any combination of the foregoing.

## **ARTICLE XI – TRIBAL REGULATORY STANDARDS**

### **A. Health, Safety and Environmental Standards.**

1. The Tribe agrees to adopt, and the Tribe shall enforce, health, safety and environmental ordinances applicable on the Cascade Locks Land. The health, safety and environmental ordinances must be at least as rigorous as comparable standards imposed by the laws and regulations of the State, unless the Tribe and State agree in the memorandum of understanding required by Section A(7) of this Article that the Tribe's agreement to comply with applicable federal law(s)

satisfies any portion of the requirements of this Section A(1). The Tribe agrees to cooperate with any State of Oregon agency or local public entity generally responsible for enforcement of comparable health, safety and environmental standards applicable to non-tribal lands to assure that the planning, construction and operation of the Tribal Gaming Complex complies with such standards. The Tribe shall use its regulatory jurisdiction to assure that the standards contained in the health, safety and environmental ordinances are met and maintained.

2. The Tribe agrees that its activities on the portion of the Resort not on the Cascade Locks Land shall comply with applicable state and federal health, safety and environmental laws.

3. After the State has notified the Tribal Gaming Commission and the Tribe's regulatory body identified in the memorandum of understanding required under Section A(8) of this Article, the State may have state or local inspectors verify the Tribe's compliance with this Section A.

4. The Tribe's ordinances governing water discharges from the Tribal Gaming Complex shall be at least as protective of health, safety and the environment as the standards that would be imposed by the laws of the State of Oregon. However, to the extent there are federal standards specifically applicable on the Cascade Locks Land that would preempt such State of Oregon standards, then such federal standards shall govern.

5. The Tribe shall take all steps reasonable and necessary to ensure ongoing availability of sufficient and qualified fire suppression services to the Tribal Gaming Complex. Any amounts paid by the Tribe to the City of Cascade Locks Article XVI, Section B(2)(b) may be used to satisfy this requirement. However, the Tribe acknowledges that the Tribe's obligations under this Section A(5) are not necessarily satisfied by such payments if such payments do not cover the full cost of adequate fire suppression services.

6. Upon request of the State, the Tribe agrees to provide evidence satisfactory to the State that any new construction, renovation or alteration of the Tribal Gaming Complex satisfies applicable health, safety and environmental standards of the Tribe. Satisfactory evidence includes a certificate or other evidence of compliance from the appropriate tribal official responsible for enforcement of tribal standards or from the appropriate state or local official responsible for enforcement of comparable state standards.

7. As used in this Section A, "health, safety and environmental standards" include but are not limited to structural standards, fire and life safety standards, water quality and discharge standards, food handling standards, and any other standards that are generally applicable under state or federal law to a non-tribal facility that is open to the public for purposes of protecting the public within the

facility. "Health, safety and environmental standards" do not include land use regulations or zoning laws.

8. Prior to the commencement of construction of the Resort, but in no event later than one year before the date scheduled for commencement of Class III Gaming at the Gaming Facility, the Tribe and the State shall execute a memorandum of understanding that sets forth the health, safety and environmental standards that the Tribe will use to satisfy the requirements of this Section A and that identifies the Tribe's regulatory body(ies) that will enforce these standards.

**B. Employment and Public Accommodations Standards.**

1. The policy of the State of Oregon is to ensure that adequate employment and public accommodations standards are in place for the benefit of the employees and patrons of the Resort. The policy of the Tribe has been to provide its employees and patrons with rights, either through tribal ordinances or policies, that are in compliance with applicable federal law and that are generally consistent with the public policy of the State of Oregon in the area of employment rights and public accommodations. In order to codify and implement the Tribe's practices, and to insure that the employment and public accommodations laws at the Resort are commensurate with State of Oregon standards, the Tribe agrees to adopt an employment and public accommodations ordinance applicable to the Resort ("Employment Ordinance").

2. Within one year following approval of this Compact by the Secretary of Interior, and prior to commencement of Class III Gaming at the Gaming Facility, the Tribe agrees to adopt the Employment Ordinance. The Employment Ordinance will address the following subject matters and provide standards equal or greater than the standards in the state or federal laws referenced below with respect to each of the following subject matter areas:

- a. Payment and collection of wages (see ORS 652.110, 652.120, 652.140, 652.160, 652.190, 652.220, 652.240, 652.610, 652.620, 652.710 and 652.720 for comparable state standards).
- b. Employee access to personnel records (see ORS 652.750 for comparable state standards).
- c. Minimum wage of workers (see ORS 653.020, 653.025, 653.035 for comparable state standards).
- d. Payment of employee overtime (see ORS 653.261, 653.268, 653.269 for comparable state standards).

- c. Employment of minors (see ORS 653.305, 653.310, 653.315, 653.320, 653.326 for comparable state standards).
  - f. Non-discrimination in employment. The Employment Ordinance shall be consistent with standards set out in Title VII of the Civil Rights Act of 1964, 42 USC § 2000e, as amended, except that allowance may be made, at the Tribe's discretion, for the Tribe's Tribal Member and Indian Preference Policy (see Tribal Council Resolution No. 8363 (February 25, 1992)) and for the Tribe's Drug and Alcohol Free Workplace Policy (see Tribal Council Resolution No. 7116 (Nov. 15, 1988)).
  - g. Employee family medical leave (see ORS 659A.150 through 659A.174, 659A.186 for comparable state standards).
  - h. Non-discrimination in public accommodations (see ORS 659A.400 through 659A.409 for comparable state standards).
  - i. Federal Americans with Disabilities Act (ADA). The Employment Ordinance shall be consistent with standards set out in Title I and Title III of ADA (42 USC §§ 12112-12114 and 42 USC §§ 12182 and 12183).
- 3. Upon request of the State, but no more often than every two years, the Tribe agrees to review and update the Employment Ordinance to assure continued compliance with Section B(2) of this Article.
  - 4. The Employment Ordinance shall contain a dispute resolution and enforcement process that provides for efficient, timely, unbiased, and fair resolution of disputes arising under the Employment Ordinance, with meaningful penalties for violations of the Employment Ordinance and an opportunity for appeal to a neutral third-party decision maker.
  - 5. Any dispute between the Tribe and the State regarding compliance of the Employment Ordinance with Sections B(2) through B(4) of this Article shall be subject to the dispute resolution procedure set out in Article XVII.

C. Workers' Compensation Insurance. The Tribe agrees to provide workers' compensation insurance for the benefit of employees at the Resort and their beneficiaries to at least:

- 1. the level provided under the Warm Springs Tribal Workers' Compensation Code as in effect on the date of the execution of this Compact, or, at the Tribe's option,
- 2. the level required by ORS 656.001 through 656.990.

D. Unemployment Insurance. The Tribe agrees to provide unemployment insurance for the benefit of employees at the Resort through participation in the State's unemployment insurance system pursuant to ORS 657.425.

E. Occupational Safety and Health. The Tribe agrees that its activities on the Cascade Locks Land will comply with the federal Occupational Safety and Health Act of 1970, 29 USC § 651 *et seq.*, as amended.

F. Tax Withholding. The Tribe shall report to the Oregon Department of Revenue gambling winnings paid to any person subject to Oregon personal income tax on those winnings whenever the Tribe would be required to report those winnings to the Internal Revenue Service. The Tribe shall make these reports to the State by submitting a copy of the reporting form the Tribe provides to the Internal Revenue Service or other form mutually agreeable to the Tribe and the State. The Tribe agrees that the management of the Resort will withhold and remit personal income taxes from employee wages to the Oregon Department of Revenue in the manner prescribed by the Department of Revenue. Withholding shall not be required where the earnings are exempt from personal income tax. The Tribe and the Oregon Department of Revenue shall agree on a procedure for prorating where the earnings are partially exempt.

G. Local Public Safety Issues.

1. If local government officials believe that an off-Cascade Locks Land public safety problem has been created by the existence of the Gaming Complex, the Tribe, or its designated representative, shall agree to meet with the mayor or county commission of the affected government to develop mutually-agreeable measures to alleviate the problem. This requirement is not limited to local governments located in Hood River County. If an off-Cascade Locks Land public safety problem has been created by the existence of the Gaming Complex, the Tribe shall undertake to perform any mutually-agreeable and reasonable measures to alleviate the problem. If the Tribe and local government officials are unable to agree on measures to alleviate the problem, the State may initiate the dispute resolution process established in Article XVII.

2. Before any Class III Gaming is conducted at the Gaming Facility, the Tribe shall enter a memorandum of understanding with the City of Cascade Locks and the County of Hood River regarding law enforcement coordination with the City and County.

## ARTICLE XII – PROTECTION OF THE COLUMBIA RIVER GORGE NATIONAL SCENIC AREA

### A. Consistency with Columbia River Gorge National Scenic Area Act.

The Tribe agrees that its activities pursuant to this Compact will be consistent with the Columbia River Gorge National Scenic Area Act, 16 USC § 544, *et seq.* (the “Gorge Act”).

### B. Design of the Resort.

1. The Tribe agrees that the design, construction and operation of the Resort will take into account the unique natural surroundings of the Cascade Locks Land, which is located within the Columbia River Gorge and Columbia River Gorge National Scenic Area. The parties agree that the Resort is intended to be of the highest architectural quality and constructed with appropriate materials that are compatible with the local environment and landscape.

2. The Tribe agrees to use appropriate energy efficient and other “green” building technologies and standards in the design and construction of the Resort in order to reduce environmental and energy consumption impacts of the Resort. The Tribe agrees to take into consideration the U.S. Green Building Council’s Leadership in Energy and Environmental Design (“LEED”) certification program and to incorporate appropriate elements from the LEED certification program into the design and construction of the Resort to the fullest extent practicable and economically feasible. Specifically, with respect to energy use, the Tribe agrees that it intends to design and build a facility that uses substantially less energy than a similar facility built to Oregon’s current building code. The State agrees that State of Oregon agencies and expertise will be made available to the Tribe, as appropriate, to facilitate the design and construction of an energy-efficient Resort.

3. The Tribe agrees to consult with the State regarding the design of the Resort and agrees to address adequately any reasonable concerns promptly raised by the State regarding the design. An outline of the footprint and a conceptual rendering of the Tribe’s current plans for the Resort, as contemplated by the parties at the time of the execution of this Compact, are attached as Exhibits G and H, respectively.

### C. Renewable Energy.

The State and the Tribe agree that the promotion of the use of renewable energy sources is good and mutually-beneficial public policy. To the extent practicable and economically feasible, the State and the Tribe agree to work together, in a government-to-government manner and in conjunction with appropriate local and federal government entities, to pursue the use of renewable energy as a source of some or all of the Resort’s energy needs or to pursue the development and use of renewable energy offsite in an effort to offset some or all of the energy use of the Resort, or both. Such efforts could

include some or all of the following: the direct use of renewable energy sources by the Resort (such as use of solar panels or fuel cells), the indirect use of renewable energy sources by the Resort (such as the promotion and use of additional renewable energy sources by the local utility provider, which may be indirectly provided to the Resort), the development and use of renewable energy offsite by the Tribe or a tribal partner in an effort to offset some or all of the energy use of the Resort, or the purchase of renewable energy credits.

D. Traffic and Air Quality Impacts within the Columbia River Gorge National Scenic Area.

In an effort to protect air quality in the Columbia River Gorge and limit the emission of greenhouse gases, the Tribe shall develop a traffic management plan intended to minimize emissions caused by vehicular traffic to and from the Resort. The Tribe agrees to consult with the State in the development of such a plan and will address adequately any reasonable concerns raised by the State regarding the plan.

Implementation of the traffic management plan must begin within one year following commencement of Class III Gaming at the Gaming Facility. The plan may include such initiatives as the promotion of the use of shuttles and modes of public transportation by patrons of the Resort, the use of alternative fuel vehicles or biofuels, or both, and the development or purchase of carbon offsets. These efforts shall be in addition to transportation planning efforts described in Article XIII.

E. Historic Columbia River Highway.

The Tribe and the State agree to work together to avoid adverse impacts on the Historic Columbia River Highway that may be caused by the Resort. The Tribe agrees to pay the reasonable costs of any necessary improvements to the Historic Columbia River Highway as provided in Article XIII, Section H.

F. Impacts on Recreational Uses in the Columbia River Gorge National Scenic Area.

The Tribe is sensitive to and mindful of the recreational uses of the surrounding Columbia River Gorge National Scenic Area and shall conduct its activities in such a manner so as to not unreasonably interfere with such uses.

G. Participation in Local Planning Discussions.

The Tribe agrees to participate with the Oregon Department of Land Conservation and Development, the City of Cascade Locks and Hood River County in any local planning processes involving the impact of the Resort on the City and local area.

H. Settlement of Hood River County Land Issues.

I. As part of the negotiated agreement authorizing Class III Gaming on the Cascade Locks Land, the Tribe and the State have agreed to settle a land dispute between the Tribe and the State and have agreed to the transfer of certain real

property rights and interests by the Tribe to the State, as more fully described in this Section H. The Tribe agrees to forego and waive any future claim of legal right to conduct gaming on the Hood River Trust Land. The settlement of the land dispute, the Tribe's waiver of any right to conduct gaming on the Hood River Trust Land and the recording of the conveyance documents required by this Section H are conditions precedent to authorization of Class III Gaming on the Cascade Locks Land contained in this Compact. The Tribe shall execute and record all conveyance documents required by this Section H no later than thirty (30) calendar days following the date on which the decision to take the Cascade Locks Land into trust by the United States for gaming purposes becomes final and unappealable.

2. Hood River Fee Lands. As more fully described in a memorandum of understanding to be executed by the parties, the Tribe agrees to execute and record all documents necessary to:

a. Grant to the State a perpetual conservation easement to the Hood River Fee Lands that prohibits gaming on or the future development (except limited recreational development as agreed to by the parties in the terms of the easement) of such lands, and

b. Transfer to the State the greatest ownership interest in the Hood River Fee Lands that the Tribe can lawfully transfer. The transfer shall be to the State of Oregon, through the Oregon Parks and Recreation Department, and shall be in a form acceptable to the State.

3. Hood River Trust Land. The Tribe agrees to seek and obtain the execution and the recording of any and all documents necessary to grant to the State a perpetual conservation easement to the Hood River Trust Land that prohibits the future development (except limited recreational development as agreed to by the parties in the terms of the easement) of such land. The parties agree that the granting of a conservation easement to trust land requires action by the Secretary of the Interior. The Tribe agrees to seek immediately all necessary action by the Secretary of Interior to accomplish such conveyance.

4. Historic Columbia River Highway. The Tribe contends that the State's asserted title to a portion of the Historic Columbia River Highway (also known as the Historic Columbia River Highway Scenic Trail) and its buffer property may be defective and that such portion of the trail and buffer property may instead be part of land held in trust for the benefit of the Tribe. The State disagrees with the Tribe's legal assertion, and believes the State has full and clear legal title to such portion of the trail and buffer property. In order to settle this dispute, the Tribe agrees to waive and release all claims regarding the Historic Columbia River Highway and agrees to apply to the Secretary of Interior for approval of the grant to the State of an exclusive right of way through the purported trust property, mirroring the dimensions of the Historic Columbia River Highway and buffer property. The State's acceptance of this right of way shall not be deemed either

an admission that the Tribe has any interest in such trail and buffer property or a waiver of the State's legal position that the State has full and clear title to such trail and buffer property.

5. The State shall have no obligation to accept any easement, deed or other property right to any property if the State determines it does not desire to accept such property; however, in such event, the State retains the right to direct the transfer to a third party if the State so chooses.

6. The Tribe shall not grant any additional property rights or interests (e.g. easements, mortgages, liens, rights of way), or seek approval by the Secretary of the Interior for the transfer of additional property rights or interests, to either the Hood River Fee Lands or Hood River Trust Land without the prior written consent of the State.

### **ARTICLE XIII - TRANSPORTATION ISSUES.**

A. The Tribe shall provide to the Oregon Department of Transportation ("ODOT") and the City of Cascade Locks a traffic impact study prepared by a qualified traffic engineer registered in the State of Oregon using methodologies approved by ODOT. The study shall evaluate the effect of the proposed Resort on the state highway system, including the Historic Columbia River Highway and Interstate 84, and on any city street or county road that may be used by customers as access to the Resort. The traffic impact study shall determine the impacts of the proposed Resort on the level of service of the affected highway(s), road(s) street(s), and affected railroad crossings.

B. A determination whether the Resort is to be served directly by a state highway or by a city street or county road shall be made by the State and appropriate local officials in consultation with the Tribe on a basis consistent with other proposed developments.

1. If access to the Resort is to be directly from a state highway, the Tribe shall apply for and obtain a road approach permit under Oregon Administrative Rules, Chapter 734, Division 51, and shall construct the approach and any other necessary improvements in accordance with that permit. A road approach permit shall not be denied because of the proposed use of the Tribe's land. The Tribe shall provide and maintain access from its Resort onto the highway that is adequate to meet standards of ODOT (freeway interchange spacing standards shall be addressed as provided in Section D of this Article), or shall enter into agreements with ODOT for the provision of such access by the State. The allocation of costs of constructing the road approach shall be as provided in Oregon Administrative Rule 734-051-0205, which provides that the costs of constructing the road approach shall be borne by the permit applicant.

2. If access to the Resort is to be directly from a city street or county road, and indirectly from a state highway, the Tribe shall comply with applicable city or

county street or road improvement requirements and satisfy any requirements the State imposes on the county or city relating to access to a state highway.

C. Before any City Plan Amendments necessitated by transportation improvement plans related to the Resort, or in any event, before site plan approval, unless the Tribe and State agree otherwise, the Tribe and ODOT shall enter into a memorandum of understanding regarding Resort access, traffic improvements, maintenance of transportation infrastructure, cooperation regarding managing the effects of inclement weather on traffic safety in the vicinity of the Resort and any other transportation-related issues that may arise.

D. Traffic improvements shall be those improvements necessary to maintain the level of service of the affected highway(s), road(s) or street(s) as they existed prior to opening the Resort, and to provide safe access to and from the Resort. For highways, traffic improvements shall be consistent with the requirements of the State Highway Plan, including improvements necessary to mitigate traffic congestion, and to conform to ODOT access management policies, and Oregon Highway Plan Volume to Capacity Ratios (Table 6). With respect to the Oregon Highway Plan Interchange Spacing Standards (Tables 12 and 16), if it is determined that design exceptions to such standards must be pursued through ODOT and the Federal Highway Administration, ODOT agrees to facilitate, and support if appropriate, the application process by the Tribe or the City of Cascade Locks, or both, to secure approval of such design exceptions. The Tribe will confer with ODOT, the Oregon Department of Land Conservation and Development and local government on an Interchange Area Management Plan.

E. Traffic improvements shall also be consistent with other applicable laws, including the following:

1. Federal Highway Administration standards related to Interstate 84.
2. The National Historic Preservation Act, 16 USC § 470 *et seq.*
3. The Gorge Act.

F. If ODOT determines that highway improvements are necessary, ODOT shall confer with the Tribe concerning the planning, design and construction of those improvements. ODOT shall confer with the Tribe concerning impacts to Interstate 84 and the need for traffic improvements to provide a visually cohesive appearance that embodies the aesthetic goals of the Columbia River Gorge National Scenic Area. The Tribe shall plan, design and construct any such improvements in accordance with ODOT's Interstate 84 Corridor Strategy Features Design Guideline.

G. The Tribe shall pay the reasonable cost of street, road and highway improvements determined to be necessary on the basis of the traffic impact study and ODOT requirements. If the Tribe disputes the amount of costs to be paid by the Tribe, the Tribe may initiate the dispute resolution procedure established under Article XVII.

H. The Tribe and the State agree to work together to avoid any adverse impacts on the Historic Columbia River Highway that may be caused by the Resort. The Tribe agrees to pay the reasonable cost for any improvements to the Historic Columbia River Highway determined to be necessary on the basis of the traffic impact study, and ODOT requirements. In accordance with Section 106 of the National Historic Preservation Act, the Tribe will confer with ODOT and the Oregon State Historic Preservation Officer to mitigate project impacts that may adversely affect the Columbia River Highway Historic District. If the Tribe disputes the amount of costs to be paid by the Tribe, the Tribe may initiate the dispute resolution procedure established under Article XVII.

I. If the Tribe plans additional development of the Resort, the Tribe shall advise the appropriate state and local transportation planning officials of the planned development by submitting a master plan. In planning street, road and highway improvements, the Tribe, state and local transportation planning officials shall plan for improvements using the master plan. Construction of street, road and highway improvements may be completed in phases if practicable, and shall be consistent with this Article XIII.

J. The Tribe agrees to consult and cooperate with ODOT regarding any traffic issues arising out of the Resort and vehicles that patronize the Resort. The Tribe agrees to negotiate and execute an agreement with the governmental entity with jurisdiction over the impacted roads that covers the Tribe's contribution toward mitigating any traffic impacts on surrounding city, county or state roads.

#### **ARTICLE XIV - TRIBAL LABOR RELATIONS ORDINANCE**

A. Within six months following approval of this Compact by the Secretary of Interior the Tribe shall adopt and enforce an ordinance regulating labor-management relations at the Resort ("Tribal Labor Ordinance"). The Tribal Labor Ordinance shall contain the provisions set out in Section C of this Article.

B. The Tribal Labor Ordinance shall be an exclusive alternative to the National Labor Relations Act (29 USC §§ 151 through 169). Any union, union representative or labor organization that seeks to invoke the jurisdiction of the National Labor Relations Board (NLRB) may, at the Tribe's discretion, be barred by the Tribe from utilizing the processes and procedures set out in the Tribal Labor Ordinance. If a union or labor organization seeks to utilize the processes and procedures set out in the Tribal Labor Ordinance, such union or labor organization is encouraged to, and the Tribal Gaming Operation agrees to, enter into a recognition and neutrality agreement containing the provisions of the Tribal Labor Ordinance and any other provisions mutually agreed upon, in order to assist in enforcement of the Tribal Labor Ordinance by providing federal court jurisdiction under 29 USC § 185(a).

- C. The following provisions shall be contained in the Tribal Labor Ordinance:
1. Recognition of any bargaining unit by a standard card check process (meaning the signing of cards by a majority of eligible workers), overseen by a neutral arbitrator. Standards for organizing, forming a bargaining unit and determining validity of the card check recognition process shall be consistent with those of the NLRB.
  2. An eight month grace period following the commencement of Class III Gaming at the Gaming Facility, during which there shall be no union organizing efforts, and during which the Tribe shall maintain employer neutrality regarding organization.
  3. Resolution of all collective bargaining issues that reach impasse by binding interest arbitration, based on either the labor organization's or management's last best offer.
  4. Provision for exclusion of the following issues from collective bargaining: Tribe's employment preferences policy (see Tribal Council Resolution No. 8363 (Feb. 25, 1992)) and Tribe's Drug and Alcohol Free Workplace policy (see Tribal Council Resolution No. 7716 (Nov. 15, 1988)).
  5. Provision for issues that may be considered by an arbitrator in the resolution of a collective bargaining impasse include:
    - a. wages, hours and other terms and conditions of employment of the Tribal Gaming Operation's competitors, or other businesses in Oregon and other states;
    - b. size and type of the Resort's operations;
    - c. ability of management to pay, if placed at issue by management (provided, however, that the labor organization shall be required to keep such information confidential);
    - d. regional and local market conditions;
    - e. ability of employees, through a combination of wages, hours and benefits to sustain themselves and their families;
    - f. cost of living based on statewide index;
    - g. factors uniquely applicable to the security needs of a gaming facility; and
    - h. any stipulations of the parties.

6. Prohibition of strikes (including boycotts, pickets, corporate campaigns, etc.) and lockouts.
7. Reasonable provision for access within the Resort to lunch rooms and break rooms for a reasonable number of union organizers, after providing notice. If a labor organization seeks such access within the Resort, then the Tribal Gaming Commission may require the labor organization and union organizers to be subject to the same licensing rules that apply to Low Security Employees with similar levels of access within the Resort; provided, however, that such licensing requirements are reasonable, non-discriminatory and are not designed to impede access and any fees charged for such licensing are commensurate with fees charged to other individuals or organizations.
8. The Tribe may exclude the following classes of employees from the bargaining unit: security employees, commissioners and employees of the Tribal Gaming Commission, tribal government employees, handlers of cash related to Class III Gaming, cage personnel, dealers, auditors, supervisors (as defined in 29 USC § 152(11)), and any employees excluded under the NLRA.
9. After a grace period of eight months from the commencement of Class III Gaming at the Gaming Facility, and upon written request of a labor organization, provision for the Tribe to provide a labor organization with names, addresses and work classifications of eligible employees.
10. Provision that enrolled members of the Tribe may choose to not join a union or to pay dues or fair share fees to a union.
11. Provision for Unfair Labor Practices (ULPs) that are the same as those provided under the NLRA. Procedures regarding rules of evidence, statute of limitations, burden of proof and standards for determining the validity of ULP charges shall be based on the procedures and standards of the NLRB.
12. Provision for the award of fines by an arbitrator against either the Tribe or a labor organization of up to \$20,000 for ULPs and provision for the award of fines by an arbitrator against the Tribe of up to \$20,000 for violation of the employer neutrality described in Section C(2) of this Article.
13. Provision for decertification according to the procedures provided in the NLRA.
14. A process mutually agreeable to the parties for enforcement of an arbitrator's award or order and a process to challenge the legality of an arbitrator's decision; such processes must include ultimate recourse to a federal court, or if a federal court declines jurisdiction, to another court of competent jurisdiction.

15. Other provisions mutually agreed to by the Tribe and the State.

D. The Tribal Labor Ordinance shall not contain provisions that are unlawful under the NLRA. The Tribe shall revise any provisions of the Tribal Labor Ordinance that are determined by a court or administrative body of competent jurisdiction to be unlawful under the NLRA to assure compatibility with the NLRA. The Tribal Labor Ordinance shall always provide for union recognition through card check to the fullest extent permissible under the NLRA, to the extent the NLRA applies to the Tribal Gaming Operation, or other applicable law.

E. Nothing in this Compact or in the Tribal Labor Ordinance shall be interpreted as expressing the Tribe's consent to application of the NLRA. If it is determined by a court or administrative body of competent jurisdiction that the NLRA does not apply to the Gaming Complex or does not apply to the Resort, or if federal law is amended to exempt either the Gaming Complex or the Resort, or portion(s) thereof, from the NLRA, the terms of the Tribal Labor Ordinance and the requirements of this Article XIV shall remain in effect nonetheless.

F. The Tribe shall consult with the State regarding the development of the Tribal Labor Ordinance. Class III Gaming at the Gaming Facility may not commence until the Tribe has adopted a Tribal Labor Ordinance and the Tribe and State have mutually agreed that the Tribal Labor Ordinance is in compliance with this Compact. The State's agreement shall not be unreasonably withheld. Failure of the State to object to the terms of a proposed Tribal Gaming Ordinance within 30 calendar days following presentation to the State by the Tribe of the final Tribal Gaming Ordinance shall be deemed agreement.

#### **ARTICLE XV – TRIBAL REVENUE SHARING PAYMENTS**

A. In consideration for the economic benefits and exclusive rights provided by this Compact, for the right to conduct Class III Gaming on the Cascade Locks Land with the requested scope of Class III Gaming, for the perpetual nature of this Compact, for the resolution of issues regarding the Tribe's right to conduct Class III Gaming on the environmentally-sensitive Hood River Trust Land and the ownership of the portion of the Historic Columbia River Highway passing through the Hood River Trust Land without costly or prolonged litigation, for a compact that authorizes Class III Gaming at an economically-desirable location, and for the other meaningful concessions offered by the State in the course of good faith negotiations, the Tribe has agreed to share, on a sovereign government-to-government basis, a portion of its revenues from the Gaming Facility, as more fully described in this Article.

B. So long as the conditions described in Section C of this Article are satisfied, the Tribe shall make payments in the amounts provided in Section D of this Article.

C. Conditions.

1. The payments required by this Article are required only so long as there is a binding Class III Gaming compact in effect between the State and Tribe that allows for Class III Gaming on the Cascade Locks Land.

2. The payments required by this Article are required only so long as no non-Indian casino is operated in the State pursuant to a change in the Oregon Constitution that allows the operation of such a non-Indian casino in the State. However, this condition does not apply to an expansion of the Oregon State Lottery unless such expansion is accomplished through a constitutional amendment that permits the operation of a casino.

3. If any other federally-recognized Indian tribes are allowed to operate gaming facilities pursuant to 25 USC § 2719(b)(1)(A) within the State of Oregon, then, in each instance, all future Revenue Share payments required by this Article shall be subject to modification as described below:

a. A testing period shall be established which shall be the twenty-four (24) month period following the opening of any such other facility(ies) (the "Testing Period"), subject to Sections C(3)(f) and (g) of this Article. The base period for calculation purposes described below (the "Base Period") shall be the most recent Fiscal Year prior to the start of the Testing Period.

b. If, at the end of the Testing Period, the Tribe can demonstrate consistent with Section G of this Article, that the annual Net Win of the Gaming Facility was reduced by twenty-five percent (25%) or more from the annual Net Win of the Base Period, then the Tribe's Revenue Share payment obligation under Section D(1) of this Article will be reduced by the same percentage that Net Win was reduced during the Testing Period. Such reduction shall apply to all Revenue Share payments due thereafter.

c. If the Revenue Share amount that was paid for any of the Fiscal Years during the Testing Period was greater than the amount that should have been paid based on the modified rate calculated pursuant to Section C(3)(b) of this Article, then the Tribe shall receive a credit equal to such excess amount that shall be applied to any future Revenue Share payments required by this Article.

d. If Section C(3)(b) of this Article is triggered and it is determined at the end of the Testing Period that the annual Net Win from the Gaming Facility was reduced by fifty percent (50%) or more from the annual Net Win of the Base Period, then the Revenue Share payment obligation under Section D(1) of this Article shall be adjusted as follows:

- i. If such Testing Period and reduction occurs during the first seven Fiscal Years following commencement of Class III Gaming at the Gaming Facility, then the Revenue Share payment obligations shall be suspended and forgiven through the ninth (9th) Fiscal Year;
  - ii. If such Testing Period and reduction occurs after the first seven Fiscal Years following commencement of Class III Gaming at the Gaming Facility, then the Revenue Share payment obligations for the next two (2) Fiscal Years shall be half of the amount that would otherwise be due after giving effect to the reduction under Section C(3)(b) of this Article; and
  - iii. After giving effect to the suspensions as described in Sections C(3)(d)(i) and (ii) of this Article, the Revenue Share payment obligations shall recommence as modified pursuant to Section C(3)(b) of this Article.
- e. For purposes of Sections C(3)(b) and (d) of this Article, a direct causal connection between the new facility(ies) and the decline in Net Win of the Facility shall be presumed, but the State may invoke the dispute resolution procedure established under Article XVII to present evidence that other unrelated factors contributed to the decline. However, any material increase from the Base Period to the Testing Period in the payment of Participation Fees (meaning an increase of more than ten percent (10%) of the total amount of Participation Fees paid) shall be disregarded for purposes of demonstrating a decline in annual Net Win.
- f. If, during any Testing Period, another federally-recognized Indian tribe commences operation of a gaming facility pursuant to 25 USC § 2719(b)(1)(A) within the State of Oregon, then the Testing Period shall be extended to cover the 24-month period following the opening of such other facility(ies).
- g. If, during any Testing Period, a tribal gaming facility that has been authorized under 25 USC § 2719(b)(1)(A) undergoes a material expansion (meaning an increase in the number of VLTs either by more than 500 or by more than fifty percent (50%) of the number of VLTs before the increase, whichever is less), then the Testing Period shall be extended to cover the 24-month period following such expansion.
- h. If the Testing Period is extended pursuant to Section C(3)(g) of this Article, then on any Revenue Share Payment Date that occurs prior to the end of the expanded Testing Period, the Tribe may make an interim reduction of its payment obligation as provided in Section C(3)(b) or (d) of this Article as if the Testing Period were deemed concluded as of such date. If the State proves that the Revenue Share amount that was paid for

any Fiscal Years during the Testing Period was less than the amount that should have been paid based on the modified rate calculated pursuant to Section C(3)(b) of this Article, then the Tribe shall pay such excess amount over the next five (5) Fiscal Years.

i. If another federally-recognized Indian tribe commences operation of a gaming facility pursuant to 25 USC § 2719(b)(1)(A) within the State of Oregon prior to establishment of a Base Period, then the State and the Tribe shall negotiate in good faith, based on financial information considered by the parties during the negotiating of this Compact and any additional relevant information provided by the parties, to reach agreement on what the annual Net Win of the Gaming Facility could reasonably have been projected to be for the one-year period in question prior to opening of the competing facility (the “Assumed Net Win”). The Tribe may reduce its Revenue Share payments in the manner described in Sections C(3)(b) and (d) of this Article using the Assumed Net Win (rather than the actual Net Win) measured against a 24-month testing period that begins on the date Class III Gaming commences at the Gaming Facility.

D. Amount of Revenue Share.

1. Except as otherwise provided in this Article, the Tribe shall pay the following amounts:

a. Fiscal Years One through Seven. For each of the first seven Fiscal Years following commencement of Class III Gaming at the Gaming Facility, the Tribe shall pay annually:

i. Six percent (6%) of Net Win for the first one dollar (\$1) to one hundred sixty million dollars (\$160 million) of Net Win;

ii. Twelve percent (12%) of Net Win for the next one dollar (\$1) to forty million dollars (\$40 million) of Net Win; and

iii. Seventeen percent (17%) of all Net Win in excess of two hundred million dollars (\$200 million).

b. Fiscal Years Eight and beyond. Beginning with the eighth Fiscal Year following commencement of Class III Gaming at the Gaming Facility and for each Fiscal Year thereafter, the Tribe shall pay annually an amount equal to seventeen percent (17%) of all Net Win.

2. Deferral Option.

a. If the amount due and payable under this Article for any of the first seven Fiscal Years following commencement of Class III Gaming at the Gaming Facility exceeds fifty percent (50%) of Cash From Operations
