

## Wildfire Prevention Plan – Table 10, Specific Actions, Example

This is an example of the Bureau of Indian Affairs, Wildfire Prevention Plan, Table 10, Specific Actions. It is provided as the example, described in the BIA's Wildfire Prevention Handbook, on page twenty-two. This table tracks the planned activities by sub-unit in the overall prevention planning unit. These sub-units are called "Prevention Units". The Specific Actions differ from the General Actions, in that the Specific Actions are tied to a specific smaller area, rather than the entire area. The table has fictitious data, to illustrate how it should look.

This page is not a part of Table 10.

This document uses images of Table 10. The images cannot be edited, by design. For those needing assistance in viewing the images, alternate text is provided, that details the contents of each page. It is intended to be viewed, electronically, instead of being printed to paper.

If a higher resolution copy of this Example Table is needed, please contact a regional WUI/Prevention Specialist. The WUI/Prevention Specialists are located as follows:

- Northwest and Pacific Regions are served by the Northwest Regional Office in Portland, Oregon. Phone: (503) 231-6806.
- Midwest and Eastern Regions are served by the Midwest Regional Office in Bloomington, MN. Phone: (612) 965-3745.
- Rocky Mountains and Great Plains Regions are served out of the Rocky Mountains Regional Office in Billings, Montana. Phone: (406) 247-7906.
- Navajo, Western, and Southwest Regions are served out of the Southwest Regional Office in Albuquerque, New Mexico. Phone: (505) 563-3375
- Southern Plains and Eastern Oklahoma Regions are served out of the Oklahoma Fire Center in Oklahoma City, Oklahoma. Phone: (405) 609-8872.
